LETTER OF SUPPORT: LETTER OF SUPPORT FROM BONNIEVALE 418 FOR COMMUNITY KEEPERS

To Whom It May Concern,

Bonnievale 418 proudly extends its wholehearted support to Community Keepers and their impactful work. Through their successful implementation across the 11 schools in Bonnievale over the past three years, Community Keepers has demonstrated a deep commitment to nurturing the wellbeing and development of our learners.

Their vital psycho-social support services reach thousands of our learners in rural Bonnievale who would otherwise have no access to such care. Their evidence-informed C.A.R.E. approach — Counselling, Anchoring life skills, Referral pathways, and creating an Environment of wellbeing — has created safe spaces in our schools where learners can express themselves freely and receive the emotional support they need to overcome trauma, stress, and adversity.

We are thankful for their adaptability and willingness in working alongside us to develop a model that can serve all learners and schools across Bonnievale.

We at Bonnievale 418 are confident that Community Keepers' innovative and community-centered approach will continue to make a lasting positive impact on the lives of our learners and the wider Bonnievale area.

Please do not hesitate to contact us for more information on our collaboration in Bonnievale.

Yours sincerely,
Curren Kühn
